Survivalcraft is an action game for Android. Download the latest Survivalcraft apk full + Mod (immortality) version for Android from RevDI with direct link Six marooned on the shores of an infinite and blocking world. Explore, extract resources, create tools and weapons, create traps, and grow plants. Sartia clothes and animal hunting for food and resources. Build a shelter to survive cold nights and share your worlds online. Ride horses or camels and herd cattle. Make your way into the rock with explosives. Build complex electrical devices. The possibilities are endless in this series of long-lasting sandbox survival and construction games. This is the 27th version of Survivalcraft and introduces clothing, armor and temperature effects! Look where you're going, or you might find yourself freezing or roasting to death. Now you can grow cotton and pumpkins and go whale watching, with new whale breathing effects. Animals now prey on each other, so build fence to protect your horses and livestock. The maximum visibility range has been increased to 256 blocks, allowing you to see much further afield. The new high-resolution fonts make the game sharper on tablets. Some animals now actively avoid that the player makes them more elusive. Survivalcraft brings the features you love in the PC version of Minecraft to your mobile device: endless worlds, caves, logical elements (electricity), weather, boats, mountable animals, explosions, clothes, armor and many more. It does so while maintaining its own realistic survival style. Enjoy!
